Happy Pride Month!

SSA's **Diverse Gender Member Strategy** defines the programs, services, and initiatives that specifically serve people with diverse gender expressions and identities and the Member Organizations who serve them.

Our goal, as administrators of soccer, should be that our sport, at its best, balances a series of principles to create a fair, safe, inclusive and open environment for all athletes. This strategy is currently a work in progress and this page will be updated as more information and resources become available.

Over the weekend of May 31st-June 2nd, Saskatchewan hosted the 2nd SK x MB Canadian Men's Integration Camp, aimed at identifying players from the two provinces for the U15 Canadian National Team.

The weekend included 16 Saskatchewan athletes & 10 Manitoba athletes, from the 2010, 2009 or 2008 age groups, as well as 10 staff (9 from SK and 1 from MB). The players were put through their paces by Canada's Regional EXCEL Manager (U15 Head Coach & U17/U20 Assistant Coach), Mike Vitulano as well as Senior Men's National Team Analyst, Shane Lammie.

The camp was run like a true youth international camp, with 3 practices, multiple presentations, individual player meetings and finishing with an exhibition match, over 3 days. Within the 3 practices, the players were challenged to learn the Canadian National Team's game model before a final exhibition match Vs ASTRA U19s on Sunday.

In all, the event was an incredible experience for players and staff alike. It was a chance to not only be identified as a person with a national team level of quality, but also to experience what a national team camp is like. To feel what the pressure, intensity and demand is expected from the highest standard team in the country. The players and staff came through the event with flying colours, showcasing the quality and hard work that is learned from being in daily high-performance environment within the province.
